# 1 Licence Activation for Leica CS35 Field Controller

Dear valued customer...

Thank you for purchasing a licence for our product. The following instructions will guide you through the licence activation process.

 Please register your product at <https://myworld.leica-geosystems.com>, our internet platform for our customers. myWorld provides 24/7 access to all information you require to actively manage your equipment. Here, detailed information on individual products and their service history can be found. The information also aids in maintaining the product value while at the same time enabling maximum efficiency and productivity.

## Activate licence

 The guide is relevant when ordering new licences for an instrument that you already have in use.

 If licence are ordered for a CS35 already in use, the existing Entitlement ID (EID) will be updated. For the licence activation, the existing EID needs to be updated in the Client licence Manager program.

1. Open the Client licence Manager for Node locked licence.
2. Select **View installed license**.
3. Select the EID which is printed on the backside label of the CS35.
4. Press **Check for updates**.
5. The new licences appears in the entitlement **Features**.

## Download app

 When reordering an app that is not included in the Leica Captivate firmware file for an instrument that you already have in use, the app can be downloaded from myWorld for installation on your instrument. Follow the instructions below to download and install a new app.

1. Go to [www.myworld.leica-geosystems.com](http://www.myworld.leica-geosystems.com) and log in.
2. Go to **myProducts** and select your product.

 If your product is not in the list, click **Add Product**.

3. Click the **Software** tab and scroll down to **Local apps**.
4. Download the apps to your computer. The file will be of type .dxx.
5. Download the apps to the \SYSTEM folder of either a USB stick or the following folder on the CS35:  
C:\Users\Public\PublicDocuments\Leica Captivate\CS\LeicaGeosystems\Leica Captivate\System

## Upload app

1. If the app is stored on an USB stick, insert the USB stick into the CS35.
2. Within Leica Captivate, go to **Settings\Tools\Update software**.
3. **File to load:** Select the .dxx file.
4. Tick the check boxes.
5. Click **OK**. The app software is installed on your product.

In case activation fails...

EITHER

- contact your local Leica Geosystems agency.

OR

- create new support requests on <https://myworld.leica-geosystems.com> that will be answered by your local Leica Geosystems Support Team.
